### 1. EXECUTIVE SUMMARY

The Local Government Act requires that this budget be adopted before 31 August each year and must be available for inspection for 14 days during which submissions may be made to Council before the Budget is adopted by Council.

The 2004/2005 budget presented in this report has been developed through a process of consultation and review with Council and Council officers. The budget for 2004/2005 has been formed on the basis of a long term financial plan which this year for the first time has been developed as a separate document. This document, the Strategic Resource Allocation Plan was adopted by Council on Monday 28 June 2004.

The rate increase for the 2004/2005 year is 7.75%. The reasons for this rate increase are as follows –

- A reduction in Roads to Recovery funding in 2004/2005. Council in 2003/2004 received funding of \$943,000. Council will receive \$475,000 from this source in 2004/2005. This reduction of \$468,000 represents a rate increase of 6.9%. Council is determined to retain existing levels of expenditure on road infrastructure and as a consequence has increased rates to compensate for the reduction in government funding for roads.
- Asset maintenance and asset management planning have received significant funding increases in Council's 2004/2005 budget. Council is focused on retaining its assets in the best possible condition for the benefit of the community.
- Further major budgetary influences have been identified under section 3.2 Significant Influences.

New loan funds of \$650,000 are expected to be raised in the 2004/2005 year. Council will repay \$608,795 in loans during the year so net indebtedness will increase by only \$41,205 during the period.

This is an important budget for the Council as it develops a financial picture for the long term based on balanced budgets in the five year period ahead. This budget should be commended to the community as it gives a clear blueprint for the future.

### 2.0 BACKGROUND

The proposed timetable for the 2004/2005 Budget is:-

- Workshop Thursday, 13<sup>th</sup> May 2004
   Council meeting to consider the draft Budget.
- Workshop Thursday, 20<sup>th</sup> May 2004
   Council meeting to consider the draft Budget.
- Workshop Thursday, 27<sup>th</sup> May 2004
   Council meeting to consider the draft Budget.
- Meeting of Council Thursday, 1<sup>st</sup> July 2004 Council resolves that pursuant to Section 129 of the Local Government Act 1989 that it give public notice that it has prepared a Budget for the 2004/2005 year.
- Tuesday, 6<sup>th</sup> July 2004 & Wednesday, 7<sup>th</sup> July 2004
   Public notice in local papers advising that Council has prepared a Budget for the 2004/2005 year. Copies are available for inspection and written submissions can be made to Council on the Budget.
- Wednesday, 21st July 2004
   Written submissions to Council on the Budget close at noon.
- Thursday, 22<sup>nd</sup> July 2004 at 7.30pm.
   Meeting of Council. Council meets to consider submissions on the Budget and to adopt the Budget.

The 2004/2005 Budget is listed in this report and includes details of income and expenditure for various Council activities and functions.

### 2.1 2003/2004 YEAR END RESULT

Included in the income and expenditure schedules for 2004/2005 are comparative figures for 2003/2004.

On the financial summary pages the three columns on the left show the original 2003/2004 budget, the year to date actual (until the end of April 2004) and the forecast result at 30 June 2004.

### 2.2 SURPLUS BROUGHT FORWARD 1 JULY 2003

At the time of determining the 2003/2004 budget the projected surplus to be brought forward was \$1,365,948. The actual amount brought forward was \$1,209,000. This was a reduction of \$156,948.

The effect of the variations shown in the income and expenditure schedules will result in a projected surplus of \$961,295 as at 30<sup>th</sup> June 2004.

	2003/2004 Budget	2003/2004 Forecast Actual
Surplus for Year	\$ 0	\$961,295

The large variation in the forecast actual and budgeted surplus for the year has resulted from an operating surplus of \$713,309 and carry forward of capital works to the next financial year of \$560,475. As a consequence of the capital carried forward there has been a reduction in the budgeted movement in reserves held by Council of \$146,957. This combined with a lower than anticipated carry forward from the 2002/2003 year accounts for the difference.

Major factors in the operating surplus are:

### Corporate

- Savings of \$30,000 in the Finance Department operations.
- Reduction in GIS expenditure of \$34,000 for the year.
- Additional \$35,000 in rates and charges income.
- Improved levels of cash flow has increased interest income by \$43,000.

### Infrastructure

Savings of \$225,000 in the road maintenance budget, as a result of the continuing drought and the resulting inability to be able to perform the work.

### **Environmental Services**

Additional Building Control income of \$24,000.

### **Human & Community Services**

Increase of \$56,000 in income from HACC Private Works.

### **Recreation & Leisure Services**

A combined reduction in anticipated expenditure of \$60,000 for Council controlled Parks and Gardens. This again has been heavily influenced by the environmental conditions.

### Major movements within the capital budget have been:

Projects carried forward to 2004/2005 financial year,

St Arnaud Library	\$300,000
Stawell Health Precinct Feasibility Study	\$ 20,000
St Arnaud Children's Precinct	\$100,000
Stawell Central Park Toilets	\$ 40,000

### 3.1 2004/2005 BUDGET

### 3.1 2004/2005 Budget – Basis of Preparation

Under the Local Government Act 1989 ("the Act"), Council is required to prepare and adopt an annual budget. The budget is required to include certain information about the rates and charges that Council intends to levy as well as a range of other financial information required by the Local Government Regulations, 2004.

The 2004/2005 budget which is included in this report, is for the year 1 July 2004 to 30 June 2005 and is prepared in accordance with the Act. The budget includes projected revenues and expenditures for the 2004/2005 year prepared on an "operating" basis in accordance with Australian Accounting Standard AAS27, "Financial Reporting by Local Governments" and in accordance with the Act. The 2004/2005 budget also includes the Standard Statements that have been prepared in accordance with Australian Accounting Standards. It also includes detailed information about the rates and charges to be levied, the capital works program to be undertaken and other financial information, which Council requires in order to make an informed decision about the adoption of the budget.

The budget has been prepared in conjunction with the Strategic Resource Plan which includes consideration of a number of long term strategies to assist Council in considering the Budget in a proper financial management context. The Strategic Resource Plan includes a high level Long Term Financial Plan for the years 2004/2005 to 2007/2008, a Rating Strategy, a Borrowing Strategy and Infrastructure Strategy.

### 3.2 Significant Influences

### External influences

In preparing the 2004/2005 budget a number of external influences have been taken into consideration because they are likely to impact significantly on the services delivered by Council in the budget period. These include:

- An Enterprise Bargaining Agreement ("EBA"). Wages and salaries will increase during the year, as a result of the EBA increase of 5% or \$30.00 at 1 July 2004;
- Consumer Price Index (CPI) increases on goods and services of around 3% per annum (State-wide CPI is projected to be 2%. Federal Government Economic Outlook December 2003) The 1% is an additional allowance to cover insurance costs that are anticipated to once again increase significantly and in recognition of the continual cost shifting of services from other levels of government;
- Due to lower than anticipated growth and associated economic influences there
  has not been an increase in funds received from the Victorian Grants
  Commission:

### **Internal Influences**

As well as external influences, there were also a number of internal influences arising from the 2003/2004 year which have had a significant impact on the setting of the budget for 2004/2005. These include:

### Corporate Services

 Anticipated income from the hire of the Stawell Entertainment Centre has been reduced in the coming year as a reflection of the "paid" use of the facility. A recent review conducted identified that a substantial portion of the use of the facility was, in fact, for Council related purposes. This stems from the problem of not having sufficient office space to accommodate some of these functions into other areas.

 All computer software costs have been amalgamated into one account within the Information Technology budget. Previously each department would have software costs charged against relevant program areas. The decision to combine them all was made on the basis of effective management of software by the IT department.

### Infrastructure, Statutory, Environment

- With the increasing need for Council to focus on asset management, Council has recognised the importance of maintaining all assets within its control, and as such has provided a specific category within the budget for such purposes.
- The cost of asset revaluations is for a periodic function Council is required to perform every 3 to 5 years to satisfy Australian Accounting Standards. In conjunction with satisfying the required standards this function is also used to perform a condition assessment of Council's infrastructure assets.
- The Local Laws and Animal Control costs have been combined to become one. This provides a better reflection of the physical situation within the department.
- An increase in the Step by Step Program costs is a result of the introduction of the Road Management Bill.
- The budget allocations within the 1303 NGW Road Maintenance Costs have been determined on the basis of greatest need with regards to maintaining the overall quality of infrastructure assets.
- The general bridge maintenance account of 130404 has increased to reflect costs which previously had been shown as capital but in fact were maintenance in character.
- There has been the inclusion of a budget for a program to replace and update street intersection signs. This had been highlighted as a potential risk to Council.

### **Human Services & Leisure**

 Council has been proactive in its response to risk assessments issued on premises occupied or utilised by the Human and Community and Leisure Services departments. This has seen an increase in budgets in these areas to deal with such issues.

### **Economic Development**

- Council has formulated a strategy to promote the Shire and encourage development. This strategy is to focus of 4 key areas, they are
  - Investment Environment: establishing and maintaining a conducive investment environment:
  - Integration and Coordination: managing a coordinated and integrated approach to economic development and planning;

- Business Growth and Investment: facilitating new local investment and business growth from within;
- Investment Attraction: attracting external investment.

### 3.3 KEY BUDGET PRINCIPLES FOR THE 2004/2005 YEAR

In response to these significant influences, guidelines were prepared and distributed to all Council officers with budget responsibilities. The guidelines set out the key budget principles upon which the officers were to prepare their budgets. The principles included:

- Existing fees and charges to be increased in line with the fees and charges schedule.
- Grants shown are to be based on confirmed funding levels.
- Generally, the Budget is prepared on the basis that Council will continue to provide the same or similar level of service as for 2003/2004.
- Indoor staff salaries include an increase for next year to the next award level for budgetary purposes.
- New loan borrowings of \$650,000.
- A general increase in the rate in the dollar of 7.75%. The "rate growth factor" ie increase in properties and supplementary valuations will be in the order of 1.18%. Total rate income shall therefore increase by 8.93%.
- In addition many items such as insurance, subscriptions, contributions, allowances, debt servicing etc. are already known and included accordingly.
- Further, the budgeted amounts of both income and expenditure are made on a conservative basis and in practice this has proved to be appropriate and prudent in respect of the unforeseen occurring.

### 4.0 RESERVES FUNDS

The summary of estimated reserves funds held by Council at the start of 2003/2004 and at the end of each year going forward is listed in the section 'Reserves Budget'.

### 5.0 BORROWING STRATEGY

The draft budget paper provides for \$650,000 new loan funds to be raised during the 2004/2005 year. Unexpended loan funds of \$115,000 will be carried forward at 30 June 2004 to be used in 2004/2005 year. These projects are detailed below. Council will repay \$608,795 in principal on loans during 2004/2005 so its net indebtedness will increase by \$41,205 during the period.

### Projects to be funded from the 2004/05 \$650,000 Loan Program

The following is a list of capital projects that Council will be using loan funds for -

	Existing Loans	2004/05 New Loans
	\$	\$
Heritage Precinct (Library)	115,000	
Capital Projects		650,000
Total	115,000	650,000

### 6.0 2004/2005 RATING STRATEGY

In developing the long term financial plan, rates and charges was identified as an important source of revenue, accounting for 40% of the total revenue received by Council annually. Planning for future rate increases has therefore been an important component of the long term financial planning process.

Year	Percentage Increase in Rates
1999/2000	6.0%
2000/2001	11.3%
2001/2002	5.0%
2002/2003	5.9%
2003/2004	7.95%
2004/2005	7.75%
2005/2006	7.0%
2006/2007	7.0%
2007/2008	7.0%

### **Differential Rate for Various Property Categories**

Council has used the following differentials when levying its rates

Rating Code	Description	% of General Rate
G	Residential & Vacant Land	100%
U	Industrial Properties	100%
С	Commercial Properties	100%
Н	Rural Residential 0.4ha >2ha	95%
R	Small Farm 2ha >80ha	68%
F	Large Farm < 80ha	65%
S	Cultural & Recreation Properties	58%

### 7.0 CAPITAL, INFRASTRUCTURE AND PROJECTS 2004/2005

### Office Accommodation

\$50,000

Funding has been assigned to deal with the issue of staff office accommodation for both St Arnaud and Stawell Offices.

### St Arnaud Library

\$740,000

Funding has been provided for the upgrading of library facilities in St Arnaud.

### Kara Kara Hall Heritage Restoration

\$170,000

Funding		2004/2005
		\$
Government Grant		120,000
General Revenue, ie. Rates		50,000
	Total	170,000

Provision has been made for capital funds to assist with the refurbishment of the Kara Kara Hall in line with heritage principles.

Roads \$1,751,000

Council's annual program of road reseals, resheeting works & other road construction works. These works are part funded by Roads to Recovery government grant of \$475,000 and funds from reserves of \$134,000.

# Urban Design Frameworks

\$108.000

Funding	
T driding	2004/2005
General Revenue, ie. Rates	\$
	108,000
Total	108,000

Council has again continued its commitment to the ongoing improvements in local communities. This year the total funding has been assigned to projects in Great Western, Glenorchy, Navarre, Halls Gap and Stuart Mill.

# St Arnaud Main St and Queen Mary Gardens

\$265,000

This funding has been assigned to the building of toilets at the Queen Mary Gardens and for works on the Main Street of St Arnaud including the Town Hall and streetscape projects.

### Halls Gap

\$45,000

Funding	
1 dirang	2004/2005
General Revenue, ie. Rates	\$
	45,000
Total	45,000

Funding has been provided for the continuation of projects initiated under the Pride of Place program in the 2003/2004 year.

## Children's Precinct - St Arnaud

\$455,000

These works are for the redevelopment and centralisation of Children's Services in St Arnaud.

### Lord Nelson Park Master Plan

\$143,000

Funding has been provided to facilitate the ongoing development of works included in the master plan for this integral sporting facility.

# King George's Park Sprinklers

\$27,000

Funding	2004/2005
General Revenue ie Rates	\$
	27,000
Total	27,000

Council has identified the need to provide appropriate standards for facilities, and as a result these works assist in improving the surface of this facility for all user groups.

### Stawell Gift Hall of Fame

\$2,305,000

Funding		2004/2005	2005/2006
		\$	\$
Government Grant	ĺ	1,000,000	885,000
General Revenue ie Rates			370,000
Contributions			50,000
	Total	1,000,000	1,305,000

This is for the construction of a new Hall of Fame for the world renowned local sporting event.

### Halls Gap Bike Path

\$20,000

Funding		2004/2005
		\$
General Revenue ie Rates		20,000
	Total	20,000

Allows for Council's contribution towards the stage 1 construction of a bike path from Delley's Bridge to Tandarra Drive. The remainder of the funding for this project is dependent on a successful grant application to VicRoads.

### Central Park Toilets - Stawell

\$100,000

Funding		2003/2004	2004/2005
		\$`	\$
Government		50,000	
General Revenue ie Rates		10,000	40,000
	Total	60,000	40,000

The redevelopment of the toilet facilities at the Central Park site. These works are funded by a government grant of \$50,000.

### 8.0 Activities and Initiatives Funded in 2004/2005 Budget

Section 127(2c) of the Local Government Act 1989 outlines that a statement of activities and initiative included in the budget and how they support the Strategic Objectives detailed in the Council Plan is to be included in the budget document. This statement is included below.

### **Council Plan Strategic Objectives**

### 1. Economic Development

Council is committed to developing the Shire's natural and economic assets to stimulate growth and employment. Council in its 2004/2005 Budget has provided financial support for this objective in its economic development program.

### 2. Community Development.

Council is committed to engaging our communities in the planning and development of their visions.

Council has indicated its ongoing commitment to the development of community visions through a process of engaging its communities and, as appropriate, specific interest groups within those communities.

This process has been developed over a period of some years and will continue in the finalisation and development of a range of community facilities through the following strategies. Council in its 2004/2005 Budget has provided financial resources for this objective in its environment program.

### 3. Environmental and Community Wellbeing

Council is committed to maintaining and developing strategies to protect our environment and enhance our communities.

Council recognises the importance of initiating and supporting action to protect the environment. An integral partner to this principle is the enhancement of the wellbeing of its communities, through strategies aimed at both protecting and enhancing the environment and at developing and increasing the opportunities for communities to enjoy and utilise their surrounds. Council in its 2004/2005 Budget has provided financial resources for this objective in its environment program.

### 4. Asset Management Program

Council is committed to identifying, managing and monitoring our assets to ensure they meet the needs of our communities. Council in its 2004/2005 Budget has provided financial resources for this objective in its physical works program.

### 5. Good Government

Council recognises that the principles of good governance, including responsible leadership, accountability and communication, are vital components of any organisation's ability to function effectively.

These aspects apply equally to Council's staff and the communities to whom we are responsible.

Council in its 2004/2005 Budget has provided financial resources for this objective in its corporate program.

### 9.0 Key Strategic Activities

Section 127(2d) of the Local Government Act 1989 requires that Council ensures that the budget document contain separately identified Key Strategic Activities to be undertaken during the financial year and performance targets and measures in relation to each Key Strategic Activity. These Key Strategic Activities will form the Performance Statement for the 2004/2005 year.

Listed below are the key strategic activities the performance targets and measures for the 2004/2005 year.

### **COUNCIL PLAN STRATEGIC OBJECTIVE**

### 1. ECONOMIC DEVELOPMENT

A commitment to developing the Shire's natural and economic assets to stimulate growth and employment.

### 1.1 INTEGRATION AND CO-ORDINATION
