Stakeholders

Councillors, staff and the municipal community.

Local Government Victoria (Engage Victoria) has worked collaboratively with all Victorian councils to enable them to meet the 1 September 2020 requirements for compliance with the *Local Government Act 2020*. This was achieved through co-design engagement and support to the sector and fast-tracking the development of a pathway of documents and materials.

When developing or applying a public transparency policy, the Council must have regard to the other principles contained within the Act, eg a community engagement should be used in the development of its policy; strategic planning should be undertaken with regard to public transparency.

Review

The initial assessment of the policy will be undertaken in 12 months to ensure Council has interpreted the intent of the Act correctly. Thereafter an assessment will be taken every four years to align with the Council term to ensure it remains current with the Council's goals, processes, aims and requirements and as a means by which to reduce Council's exposure to risk.

Communication and implementation

The policy will be communicated to the community via the Council website and print and social media and referred to during any community engagement process to develop policy, plan strategy or other information available for public inspection. It will be available to staff via the EDRMS and insites GoverniNG and PeopleHub and referred to in induction and/or training.
