

# The Halls Gap laneway development

Reinvigorating shops and amenities to deliver an enhanced visitor experience

\$1M

- 1 Delivers new commercial premises that will enable more retail, hospitality, and other businesses to open in Halls Gap
- 2 Caters for a growing number and diversity of visitors, generates jobs, and increases economic activity
- 3 Creates a safer, more relaxed, pedestrian friendly town in preparation for the 34,000 walkers expected to use the Grampians Peaks Trail in 2025

**The Halls Gap Laneway Development will enable greater pedestrian permeability between Health Street and Grampians Road, reinvigorating the development of shops and amenities while delivering a visitor experience to the Grampians National Park beyond that exceeds visitor expectations of our great 'walking' town**
