

NORTH PARK MULTIPURPOSE CLUBROOM DEVELOPMENT

Northern Grampians Shire Council is proud to partner with Sport Australia, Victorian Government and Swifts Football & Netball Club to deliver a new regional standard multipurpose clubroom incorporating female friendly change rooms, accessible amenities and function space.

Construction Information

- **Construction Dates:** January 2020 to December 2020.
- **Access to North Park site during construction period:** Lamont Street.
- **Hours of operation:** Contractors will operate between the hours of 7am and 5pm weekdays.
- **Site Management:** Contractors will work with Council to manage the site work to mitigate any possible impacts to the neighbouring community and users.
- Contractors and Community will have separate access to the North Park site.
- Community parking will be impacted for the construction period so pre-planning by users will be required.

Stay Updated on the project via NGSC website at www.ngshire.vic.gov.au/north-park, local print media, facebook, and twitter.

Thank you for your cooperation during the development of your new community facilities

NORTH PARK SITE LAYOUT ACCESS AND FENCES

This aerial diagram illustrates the proposed site layout for North Park, highlighting access points and fencing requirements. The site is bounded by a pink-shaded area. Key features and annotations include:

- Temporary Public toilets:** Located near the top left of the site.
- Double gates installed to secure site:** Indicated by a red arrow pointing to the top right boundary of the pink-shaded area.
- Site fences to be 1800mm minimum in height with shade cloth cover to ensure no risk of movement or unauthorised entry:** A red arrow points to the boundary line separating the pink-shaded site from the surrounding area.
- 62 Parks:** A large paved area, likely a sports field or playground, is labeled with this text.
- Construction Site:** A yellow-shaded area to the right of the main site is labeled as the construction site, with a red arrow pointing towards the main site boundary.
- Example of Parking availability during construction:** A red arrow points to a designated parking area within the site.
- Public Access:** A red arrow points to a path leading from the bottom left towards the site boundary.
